Michigan Association of Art Therapy Shows Off New Swag at Mental Health Fair

Royal Oak, MI, May 17th, 2017: MAAT was awarded a \$500 grant from AATA's Governmental Affairs Committee (GAC) to purchase marketing materials for use at mental health events. MAAT is matching the grant amount and has also received \$100 of in-kind support from graphic designer Josh Hamman, who did the graphics and art set-up for the materials. With this support MAAT was able to purchase a tablecloth, stand-up banner, pens, bags, pamphlets, and business cards. We also purchased a collapsible wagon because that's a lot of swag!

The event was sponsored by Easterseals Michigan and held at Beaumont Hospital in Royal Oak. MAAT was able to promote art therapy as a profession and network with other organizations that provide mental health services.

TAKE ACTION: If your employer has an event that you think MAAT should be a part of, please contact us. This is a great way for art therapists to spread the word about art therapy within their own workplaces! Or if you want to volunteer at the next booth event, let us know or attend the next MAAT meeting for more details. It's a great way to network!
