Greetings from the Michigan Association of Art Therapy

As many of you know, our bill HB6098 was introduced this last Tuesday in the Michigan House of Representatives. I have posted a direct link to the Michigan Legislature here showing our bill and its status. This will remain a live document as our bill hopefully progresses.

Feel free to look at all of those representatives supporting our bill so far. If they are from your district, we encourage you to send a postcard/letter or call to thank them in person.

The next step is that the bill will go to the Health Policy Committee. They will decide if this should move onward to the House for a vote. Here is a link below to see who is currently on this important committee.

If your representative is on that committee and is not currently one of those supporting the bill, we urge you to write or contact them and encourage them to support this important legislation. To find out who your representative is (if you don't know) see last link below.

If you have any questions or concerns or wish to help further, please contact us here at MAAT and direct your questions to Amber James (our legislative chair), Rachel Green (President Elect) or Amy Rostollan-Hamman (President) and one of us will get back to you.

Thank you all!

Amy Rostollan-Hamman, MEd., ATR-BC

MAAT President
